Virus DP/4

# ABOUT

This small sound library shows what happens when you take two good things and combine them together.

In this case we spent a few hours jamming with a Virus TI and the old hardware DP/4 effect unit from Ensoniq. The Ensoniq DP/4 is a bit like a black sheep among effect processors. It's not as polished and well-behaved as the Eventides. Either you like it or you don't.

Here we have recorded some of our own sounds from the Virus TI through some cool settings of the Ensoniq DP/4.

Have fun :)
